

Dear All,

GREAT NEWS!

This is to advise you that Kuwait Airways has revised its commission structure from 0% to 5%. The new commission structure will come into effect for tickets issued on and after Saturday, September 01st, 2018 for standalone Kuwait Airways tickets issued on BSP-Canada. The 5% commission must be calculated on published base fares excluding taxes & surcharges provided the ticket is validated on a KU ticket stock (229) with a KU fare basis and the major travel portion is on KU.

Kindly disseminate this information to all your team members and we look forward to your continued support.

Should you have any further questions, please contact our New York/New Jersey Reservations at +1 201 582 9200 or email nycsbku@kuwaitairways.com.

Happy Selling!

From,
